

TERMINAL BLOCK TPAI W/O LED SPRING TERM.  
 TERMINAL BLOCK TPA 3-ROW FOR ANALOG SIMATIC S7  
 MODULES SORT: SPRING TERMINAL WITHOUT LED, PACK.  
 UNIT=1 PCS 16 POLE IDC CONNECT. FOR CABLE

Operating data	
Operating voltage	
• rated value	60 V
Current / rated value	1 A
Operating temperature	0 ... 60 °C
Number of terminal levels	1
Number of terminal points / per terminal level	1
Position / of the terminal	Top
Design of terminal / Terminal levels internally linked	No
Product component	
• PE connection	No
• Shield connection	No
• Disconnector	No
• required / connection plate	No
Product feature / Infeed function	Yes
Product feature / cross-connectable	No
Connectable conductor cross-section	
• stranded	0.5 ... 2.5 mm <sup>2</sup>
• finely stranded / without core end processing	0.5 ... 2.5 mm <sup>2</sup>

• finely stranded / with core end processing	0.5 ... 1.5 mm <sup>2</sup>
Type of electrical connection / for connecting cable	Plug-in connection
<b>General data</b>	
Mounting type	DIN rail 35 mm, DIN rail 15 mm
Combustibility class acc. to UL 94	V1
Insulation material	other
Design tested acc. to type of protection / EEx e	No
Equipment marking / acc. to DIN EN 81346-2	X
Color	
• of the enclosure	black
• of the light source	without
Length	80 mm
Width / of the enclosure	68 mm
Height / with lowest-profile installation	43.2 mm
